Jeff

First off – thanks so much for coming along to the meeting last week and for your ongoing support in the clean-up effort. I greatly appreciate it!

Second – as you start to formulate your plan if you come up with some notion as to the number of monitoring wells you think will be needed and get some idea of how frequently they will need monitored could you let me know? I am trying to get ECY to step up and help with that aspect and they are wondering what the commitment would look like.

Thanks,

Scott A. Marlow
